

SURENDHARAN R

Full Stack Developer

surenrengarajan@gmail.com | www.linkedin.com/in/surendharan | www.surencodes.com

CAREER SUMMARY:

A dedicated React Developer with two years of hands-on experience creating responsive UI components, integrating APIs, and improving user experience. Strong understanding of JavaScript, React hooks, and state management.

TECHNICAL PROFICIENCY:

Frontend

- ReactJS
- JavaScript
- HTML
- CSS
- Tailwind CSS
- Typescript
- React Hook Form
- Zod Validation
- Redux

Backend

- NodeJS
- ExpressJS
- JWT
- OAuth
- Docker

Tools

- Git
- GitHub
- VSCode
- Postman
- GCP

PROFESSIONAL EXPERIENCE:

Currently I'm working in Hexalytics, Chennai as **React Developer** from Jan 2024 to Current.

Project 1:

Title	:	K12 Education Application
Client	:	Claremont Graduate University Education
Technologies	:	ReactJs, NodeJS, ExpressJS, Tailwind CSS, React Echarts, Redis, Snowflake, AWS S3, Redux.
Team Size	:	4

Description:

Claremont Graduate University (CGU), a private graduate-only research institution within The Claremont Colleges, emphasizes interdisciplinary programs and personalized mentorship to cultivate leadership and innovation. I developed a role-based web application enabling Admins, CFAs, Mentors, and Candidates to securely log in via Azure, Google, or custom credentials. The platform provides performance insights on placements and competencies, leveraging React with Apache ECharts for interactive visualizations and PrimeReact components to deliver a seamless user experience with real time data.

Project 2:

Title	:	Digiglass
Client	:	Redington Digiglass
Technologies	:	ReactJs, NodeJS, ExpressJS, Tailwind CSS, Redux, React Echarts, Redis, Doris, AWS S3(Upload Files and retrieve)
Team Size	:	2

Description:

Developed a secure, role-based web application for Redington Digiglass, the cybersecurity division of Redington. The platform features interactive dashboards and data visualizations, enabling users to track performance metrics and manage documents uploaded via Amazon S3. Access is controlled through role-based authorization (Admin, User), with dynamic filters and content visibility tailored to each user's permissions. Implemented authentication using both credential-based login and Azure Single Sign-On, ensuring secure access. Built with React, Apache ECharts, and PrimeReact components to deliver a seamless, user-friendly experience.

Responsibilities from above Projects:

- Enhanced user experience by implementing responsive web designs and optimizing application performance.
- Developed reusable components to facilitate faster development timelines and improve code quality.
- Maintained high-level expertise in React State Management strategies.
- Mentored junior developers, providing guidance on React concepts and best practices for efficient project completion.
- Reduced application load times by optimizing React components and utilizing code-splitting techniques.

EDUCATION:

2019 – 2023 | Kongu Engineering College, Erode,
Bachelor of Engineering – Electrical and Electronics Engineering

PERSONAL DETAILS:

Father Name	Rengarajan P
Date of Birth	27 th November 2001
Languages Known	English & Tamil
Marital Status	Unmarried
Permanent Address	4/49, Middle Street Mahadevi Post, Musiri TK, Trichy District.
